

# Lime Class

**Mr; McDowell, Mrs; Kavanagh and Miss; Byrne**  
**The children have had an amazing year so far.**

This term we are enjoying a visit from some rather gorgeous chicks. The work we are doing is all based around the chicks and their development.

We will also have daily phonics, handwriting and reading sessions.

Can we please ask that you spend some time each day reading with your child, it's so important, and a lovely way to spend some quiet time together. Please write comments in your child's reading record book.

Maths...

We are still working with numbers to 100, counting forwards and backwards in 2s, 5s and 10s. The children need to learn their number bonds to 20. They will be learning more about addition, subtraction, simple multiplication and sharing. They will also be working on using simple fractions.

**The children are looking forward to spending more time at forest school after the May half term. We are currently looking for extra adult helpers to join in with forest school so if you are interested, please sign up on the classroom door.**

**Reminder!**

PE is on Tuesdays and Fridays, children should have their PE kits in school on these days please. Book bags should be in school every day. Homework will be given every 3 weeks.
