

English

This term in English we will be writing a newspaper report. We will be exploring a range of newspaper articles, finding their features and writing our own newspaper reports.

Later, we will be reading the story of 'The Iron Man' by Ted Hughes and writing our own stories inspired by his writing.

Science

We will be exploring and investigating sound.

Art / DT

During Art / DT we will be designing, producing and evaluating our own 3D robots.

We would like to ask parents to help us to produce our 3D robots by providing the following:

cereal boxes, yogurt pots, milk bottles, milk bottle tops, toilet rolls, foil etc.

Please ensure items are empty and rinse any residue in bottles.

Maths

This term we will continue to concentrate on multiplication and would like to encourage children to practice their times tables to 12 regularly.

We will look at place value, addition and subtraction, multiplication, division, fractions, decimals, measure, fractions and data.

Rise of the Robots

Year 4 - Summer Term

Homework: Children will be given their log books on a Friday and are expected to return them to school completed the following Wednesday. This will allow us to look through their work, mark it and celebrate their work with the class. Spellings will also be given every Friday with a spelling quiz in class the following Friday.

Reading: We strongly encourage children to read at least 20 minutes every day and would like the adult who has read with the child to sign their reading record and if you would like then also leave a message. Books bags must be brought into school every day as children will be reading with an adult regularly in school.

Thank you

Year 4 Team
