

# Nursery - Summer 2

**Literacy** – We will be focusing on the fabulous story ‘We’re going on a Bear Hunt’ by Michael Rosen. We will explore the concept of structure, repetition and sequencing the story. We will even get to step bare foot through all the different elements of the story. We will also be learning a special bear poem and performing some bear songs.

## Communication & Language

We will be exploring new vocabulary using our senses linking nicely to our Bear Hunt story. We will be asking key questions and finding out interesting information about different people in our community and listening to others share their experiences of people who help us.

**Numeracy**- We will be recapping on all numbers to 10 and beyond in preparation for Reception. We will also be starting some simple addition and subtraction using practical equipment both inside and outside as well as going on number hunts and sorting and classifying. We will introduce the concept of money and measures too.

## Value of the term

LOVE

Collective worship themes: Love, respect, family, friends.

**Physical Development**- Every Monday starts with a funky fingers activity and every Friday begins with a dough disco to develop our fine motor skills. We will be focusing on writing our names independently. We will be running, climbing, rolling and using the bikes and scooters outside too. We will be focus on self-care skills too.

## Personal, Social & Emotional Development

We will continue our topic of Healthy Me with the help of Jigsaw Jennie, learning about how to look after ourselves and bodies and how to be healthy. We will also be preparing emotionally to start full time school in September.

## Art & Design/Design Technology

We will be making various bear arts and crafts and recreating each scene from the story of the bear hunt, exploring textures. We will also be building bear dens outside using large blocks and natural resources. We will be painting pictures of what we would like to be when we grow up too.

## Understanding the World

We will be looking at people who help us in our community and meeting real life professionals both onscreen and off and asking questions. We will be role playing different characters and scenarios following our topic learning sessions too.

I have come so that you might have life. Life in all its fullness.
