

St Christopher's Primary School

Vision and Principles

At St Christopher's our music curriculum engages and inspires pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. Music is an important part of our school life, which supports children's wellbeing and reinforces each child's part in our school community. In developing the skills to critically appreciate a wide variety of musical forms, children appreciate the role of music in our culture and in other global communities.

Our music teaching and learning is good when:

We perform, listen to, review and evaluate a wide range of music

We learn to sing and to use our voices

We learn to create and compose music and have the opportunity to learn a musical instrument

We understand and explore how music is created, produced and communicated

We develop life skills as well as both social and cultural experiences
