

St Christopher's Primary School

Vision and Principles

- We believe that PSHE and citizenship should enable children to
- become healthy, independent and responsible members of society.
- Our curriculum promotes pupils' personal, social and economic
- development, as well as their health and wellbeing. It helps to give
- pupils the knowledge, skills and understanding they need to lead
- confident, healthy, independent lives and to become informed,
- active, responsible citizens. We teach children both about their
- rights and about their responsibilities. We teach them how society is
- organised and governed. They learn to appreciate what it means to
- be a positive member of a diverse and multicultural society.

Our PSHE teaching and learning is good when:

We learn to understand and respect common humanity, diversity and differences

We learn the importance of nutrition, physical activity and rest

We learn to recognise our own worth

We learn to work well with others and to become increasingly responsible for ourselves

We make links with our learning in other subjects to enhance our understanding
