

Year 1 Summer 1

English

Our English is based on space travel stories

and the history of space travel.

We will be honing out sentence writing skills,

writing about the history of space travel and writing the diary of an astronaut.

PE

Our PE days are Tuesday for Maple class and Wednesday for Lime class. Children should come to school in their PE kit.

This term the children will be improving their throwing and catching skills and playing games as part of a team.

Reading

Please read every day with your child. They can change their book as often as they wish. Please send your child to school with a book bag. These can be ordered from school. Our books are precious and can get crumpled in backpacks or spoiled by leaking water bottles and spilled packed lunches. Thank you

Maths

We will be revisiting

- Adding and subtracting within 20.
- Counting from 0 to 100 beyond and back.
- Counting on from any number up to 100.
- Counting in 2s, 5s, and 10s.
- Solving one step problems using the calculating skills we have learnt so far.

Science

We start the term investigating floating and sinking and designing an experiment to float some objects that sink.

RE

In RE we will be finding out about Judaism.
