

St Christopher's Primary School Vision and Principles

At St Christopher's our vision is to spark children's curiosity about the past and the world around them. Our history curriculum aims to develop historical skills and concepts which are transferable to whatever period of history is being studied and will equip children for future learning. Our History curriculum helps pupils to understand the complexity of people's lives, the process of change, the diversity of societies and relationships between different groups, as well as their own identity and the challenges of their time

Our History teaching and learning is good when:

We know understand the history of Great Britain as a chronological narrative

We know and understanding significant history of the wider world

We understand and can use historical terminology

We understand big historical concepts, such as continuity and change and investigate things using historical methods

We make connections between what we have learned
